

Introducing...

# KYLE SINKULE

Kyle Sinkule is a singer-songwriter who embodies the heart and soul of Texas music. Hailing from West, Texas—just a stone’s throw from Willie Nelson’s hometown of Abbott—Kyle has been shaped by the legends of the Lone Star State. With musical icons like Willie, Jerry Jeff, and Radney Foster as his guiding stars, he crafts a sound that seamlessly blends country grit with roots-rock authenticity.

Currently, Kyle is recording a six-song EP that promises to deliver more of the genuine storytelling and unique sounds that his fans have come to love. As he continues to carve his path through the vibrant Texas music scene, Kyle Sinkule is an artist to watch—a troubadour with one goal in mind, to create real *Texas* music.
